All-Black Towns
Shirley Nero

The Greenwood Centre Ltd received an unsolicited purchase offer for the Greenwood Centre located in Historic Greenwood aka 101 and 102 North Greenwood Ave. et al, Tulsa, OK. The Board of Directors has stated that the real property is not listed for sale nor is it entertaining negotiating any purchase offers.

We have a strategic plan and will continue the Mission of Historic Greenwood Area. The Board encourages investment groups to be an active participant in building the economic base in the Greater North Tulsa area.

Currently, the Greater North Tulsa area has several active listings for commercial property for sale, i.e., North Point (MLK and East Pine), Chase Bank (East Apache and N. Garrison), McLain Shopping Center (N. Peoria and East 53rd St N) including, but not limited to, Gateway Shopping Center (East Pine and North Peoria). Furthermore, the Morton site located at East Pine and North Greenwood Ave. is under design and due diligence thus, the project may have some 3rd party investment opportunity with the developer.

As always, we applaud the enthusiasm and outreach of community investors. The Greenwood Chamber of Commerce would like to extend an offer for community investment parties to become corporate members of the organization. Together, we can build a better Tulsa while focusing on the Greater North Tulsa area. Hence, the Greenwood Chamber is looking forward to continuing our outreach through, Education, Cultural Tourism, Workforce Development, Small Business Assistance, Retail and Office space leasing.

Thank you for your continued support of the Greenwood Chamber of Commerce preserving Historic Black Wall Street.

Kind Regards,

Rebecca Marks Jimerson

Chair/President Greenwood Chamber of Commerce
